

## An Algerian Adventure with Chris Scott & Amelia Stewart

7<sup>th</sup>-18<sup>th</sup> November 2026

Join Amelia and Sahara specialist, Chris Scott for an adventure deep into the desert outlands of southeastern Algeria. Travelling past isolated granite peaks, once vital landmarks for trans-Saharan caravans, we venture with our Tuareg crew out onto the sand sheet of the northern Ténéré – 'the desert within a desert' – before turning east into the labyrinthine canyons and surreal geology of the UNESCO-listed Tassili n'Ajjer National Park. Here, engraved on rocks or surviving on shaded cave walls are thousands of engravings and paintings depicting long gone fauna and arcane ceremonies at a time 8000 years ago when today's arid Sahara resembled the grassy savannah of East Africa. The tour ends with an overnight camel trek around the base of Mt Tiska before returning to Djanet for the flight home via Algiers.
